

To the Committee of Newtown Food Festival

We are grateful to have the statement this week advising of the sad but inevitable decision to cancel this year's Newtown Food Festival. Although it is a great pity that you are not able to stage your excellent festival which has been going from strength to strength annually and is now a premier event in the Mid Wales events calendar, there was no other option open to you given the difficult circumstances we are currently experiencing. We appreciate the decision having been made which helps to settle any uncertainty.

We shall very much look forward to running our 'French Village' marquee, hopefully with our French friends from Les Herbiers, on the 4th & 5th Sept 2021. Please be assured of our firm support and we wish your committee well with your planning and organisational decisions in the meantime.

Very best wishes from Newtown Twinning Association.

Kate Rayner
Chair
